Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	Culture, exhibitions, visual arts, sustainable design and architecture, online cultural platforms, contemporary art and design, sustainability, circular economy, art and technology
-----------------	--

Description or summary of the proposed project	Neoart.design is a pilot project for a European Design network development and digitalization of the sustainable creative organizations and creators, with focus on eco and sustainable design. In order to create the best possible means of cooperation, the project has two routes: development of the platform and the cooperation in order to create the exhibitions, curatorial design pilot project and best practices. The aim is to create a network, to digitalize, to empower organizations and creators and to create a platform related to the sustainability theme in various creative areas starting with design. The pilot is part of future program: neoart.center, which aims to become a European free creative sustainability platform, and cultural sustainability developing networks, communities, free tech instruments and resources.
